UNITED STATES CALENDAR,

FOR THE YEAR OF OUR LORD

1821:

BEING THE FORTY-FIFTH OF THE IN-DEPENDENCE OF THE UNITED STATES.

ASTRONOMICAL CALCULATIONS BY NATHAN DABOLL.

COMPILED UNDER THE INSPECTION OF THE SECRETARY
OF THE STATE OF CONNECTICUT.

NEW-LONDON:

PRINTED AND SOLD BY SAMCEL GREEN.

OBSERVATION.

THE hour of the night is, many times, more conveniently estimated by the moon's southing, than by her rising and sitting.

To find the moon's southing :

RULE.

Add three hours to the time of high water on any given day, as it is inserted in this almanack, and you will have the true time of the moon's southing for that day.

N. B. If you double the time of the sun's setting, you will have the length of the day; and double the time of the sun's rising will be the length of the night.

Chronological Cycles for the year 1821.

A Trine, when they are 120 degrees distant.

* Sextile, is when two planets or stars are 60 degrees distant.

ECLIPSES IN THE YEAR 1821.

HERE will be but two Eclipses this year, both of the Sun, as follows: viz.

I. The first will be March 4th, at 0h. 50m. in the morning, consequently invisible to us; but in longitude 95° 581' E, and latitude 8° 281' S. the sun will be centrally eelipsed on the meridian.

II. The second will be August 27th, visible by calculation, as follows :

Beginning of the eclipse 7 49 Apparent time 9 5 in the 0 31 Morning. Middle

10 31 1 End of the eclipse 2 42 Whole duration

Quantity of greatest obscuration, 74 digits on the Sun's Southern Limb.

Electors' Meeting IS held annually on the first Monday in April. 1217005

several places from New-London.

THE fixth column of each monthly page shews the time of High-water at New-London, New-York, Elizabethtown-Point, Tarpaulin-Cove, Cape-Henlopen, Cock-Spur, in Georgia, and Brunswick, in North-Carolina—to which if you add and subtract as in the annexed table, you will have the time of high-water—at the following places.—(A) shews that the annexed quantities of time must be added; (S) subtracted—(H) stands for hours, (M) for minutes.

TERMS OF ADMISSION.

Candidates for admission to the Freshman Class, are examined in Cicero's Select Orations, Clarke's Introduction to the making of Latin, Virgil, Sallust, the Greek Testament, Dalzel's Græca Minora, Adams' Latin Grammar, Goodrich's Greek Grammar, Latin Prosody, and Arithmetic.

A candidate for an advanced standing, is addition to the preparatory studies, is examined in the various branches to which the class he proposes to enter have attended.

The stated time of examination for admission into college, is on the day preceding the public commencement. But persons may be examined in any other part of the collegiate terms. It is requested they may not be offered in the vacations, except for very special reasons.

No one can be admitted to the Freshman Class, till he has completed his fourteenth year; nor to an advanced

standing, without a proportional increase of age.

Testimonials of a good moral character, are in all cases required; and those who are admitted from other colleges must produce certificates that they have been subjected to no collegiate censure. The students are not considered as regular members of the college, till, after a residence of at least six months, they have been admitted to matriculation, on satisfactory evidence of an unblemished moral character. Before this, they are only students on prokation.

COURSE OF INSTRUCTION.

The whole course of instruction occupies four years.

In each year there are three terms or sessions.

The three younger classes are divided, each into two parts; and each of the divisions is committed to the particular charge of a Tutor, who, with the assistance of the Professors, instructs them. The Senior Class is instructed by the President and Professors. Each of the four classes attends three recitations or lectures a day; except on Wednesdays and Saturdays, when they have only two. The following scheme gives a view of the authors recited each term.

Freshman Class.

I Livy begun Adams' Roman Antiquities. Webber's Arithmetic revised. Murray's English Grammar.

III. Livy continued through five books. Homer begun.

Dav's Algebra.

iii. Homer continued through five books. Morse's Geography, Vol 1. Irving on composition. Murray's Grammar, reviewed.

Sophomore Class.

I. Morse's Geography, Vol. II. Playfair's Euclid begun. Horace begun.

II Euclid finished. Horace finished. Day's Mathemat-

ics, Part II and III. Cicero de Officiis begun.

III. Graca Majora, the Historical parts. Day's Mathematics, Part IV. Webber's Conic Sections and Spheric Geometry. Blair's Lectures, Vol. I. Cicero de Officil de Sencetute & de Amicitia, finished.

Junior Class.

I. Spheric Trigonometry. Graca Majora, continued .-Enfield's Philosophy begun. Cicero de Oratore begun.
II. Græca Majora, Vol. I. finished. Enfield's Philoso-

phy continued. Cicero de Oratore continued. Tacitus, omitting the annals.

III Enfield's Astronomy. Tytler's History. Hervey's Chemestry. Fluxions, Greek or Hebrew, at the option of

the student.

Senior Class.

1. Blair's Rhetoric, Vol II. Hedge's Logic. Locke's Essays begun. Paley's Natural Theology, begun.
II. Locke finished. Paley's evidences of Christianity,—

Paley's Natural Philosophy begun.

HI. Paley's Philosophy finished. Stewart's Philosophy of the mind. Vol. I.

In addition to the recitations in the books here specified. each class receives lectures from the Professor of Languages: the Junior Class attends a course of experimental lectures on Natural Philosophy-and the Senior Class. the courses on Chemistry, Mineralogy, Geology, and the principles of Natural Philosophy. The members of the several classes attend, also, the private exercises and lec-tures of the Professor of Rhetoric and Oratory. Specimens of English Composition are exhibited daily, by one or more of each of the divisions of the Sophomore and Junior classes. Written translations from Latin authors. are presented by the Freshman Class. The lower classes are also instructed in Latin Composition. The Senior and Junior Classes have Forensic Disputations twice a week, before their instructers. There are very frequent exercises in Declamation, before the Tutors, before the Professor of Oratary, and before the faculty and students. in the chapel.

The Berkeleian Premium, of about fifty dollars a year, is given to the scholar in each class, who passes the best examination in Latin and Greek; provided he resides as 2 graduate in New-Haven, one, two, or three years. Prcmiums are also given for Latin and English Composition,

and Declamation in public.

There are two public examinations of the classes in a year; one in May, the other in September; which are continued from four to six days each. The candidates for degrees are also examined at the close of their course of study.

No student is allowed to be absent without special leave,

except in vacations.

PUBLIC WORSHIP.

Prayers are attended in the college chapel, every morning and evening, with the reading of the scriptures, when one of the Paculty officiates, and all the students are required to be present. They are also required to attend public worship in the Chapel, on the Sabbath, except such as have permission to attend the Episcopal or other congregations in town,

EXPENSES.

The college bills are made up by the Treasurer and Steward, three times a year, at the close of each term; and are presented to the students, who are required to present them to their parents, guardians, or patrons. If any student fails to comply with this requisition, he is not to be permitted to recite till the bills are paid.

The annual charges in the Treasurer's bill, are,

For rent of a Chamber in college - 6
For ordinary repairs and contingences, 2 40

For general damages, sweeping, &c. about 1 60

\$43 00

Besides this, the student may be charged for damages done by himself, and a small sum for printing catalogues,

and other occasional expenses.

Board is furnished in commons, by the Steward, at about \$2 25 a week; or 90 dollars a year, not including vacations. It varies, however, with the price of provisions. Wood is procured by the corporation, and distributed to those students who apply for it, at cost and charges.

The students provide for themselves bed and bedding, furfiture for their rooms, candles, books, stationary, and washing. There are also classical taxes, of a small amount, for fuel in the recitation rooms, catalogues, &c.—If the books and furniture are sold, when the student has no longer necessity for them, the expense incurred by their use will not be great.

The following may be considered as a near estimate of the necessary expenses, without including apparel, pocket

money, travelling, and board in vacation.

Treasurer's bill, as above	The same	W 47556	843	43

Total from \$180 to 220

Those who have their board and room in private families, will incur an additional expense of from 70 to 100 dollars a year. None are permitted to take lodgings in town, except when the rooms in college are not sufficient to accommodate all.

Students who wait in the hall, are allowed two thirds of their board; and those who occupy recitation rooms, save their fact in winter, and receive a small compensation in summer.

With regard to apparel, and what is called pocket mon-

ey, no general estimate can be made.

No student is allowed to contract any debt, without a written permission from his patron, who is one of the Faculty. As a farther precastion against extravagance, parents at a distance frequently deposit funds with the patron; who, in that case, pays a particular attention to the pecuniary concerns of the student: settles his bills, corresponds with the parent, transmits an account of expenditures, &c. for which he charges a commission.

A person admitted to an advanced standing, unless coming from another college, pays a sum to the Treasurer, equal to the tuition money which has been paid by others

of the class which he enters.

THE MEDICAL INSTITUTION.

The Instructers in the Medical Institution are a Professor of the Theory and Practice of Physic and Surgery, a Professor of Materia Medica and Botany, a Professor of Chemistry and Pharmacy, and a Professor of Anatomy and Physiology. The Lectures commence the last week in October, and terrainate the last week in March. During the course, from 80 to 100 Lectures are given by each Professor

The Students have access to the Lectures on Natural Philosophy, Mineralogy, and Geology. A distinct course is given on Obstetricks, by the Professor of Anatomy and another on the Elements of Botany, by the Professor of that department. The Examination for licenses and degrees, is held immediately after the close of the lectures.

The Institution is furnished with a Library and Anatomical Museum The students have access, also, to the Li-

brary of the College.

The Fees, which are paid in advance, are twelve dollars and fifty cents, for each course, except that on Mineralogy. The Matriculation Fee is five dollars. Roomeron in the Medical College is five dollars which entitles the student to remain in the room during the year. The entire expense of a residence of five months, through the courses, including fees and all expenses, except clothing, is from 150 to 200 dollars a year.

The Medical students, during their residence in the Institution, are subject to the same moral and religious re-

straints as those of the Academical College.

OBSERVATION.

THE hour of the night is, many times, more conveniently estimated by the moon's southing, than by her rising and sitting.

To find the moon's southing :

RULE.

Add three hours to the time of high water on any given day, as it is inserted in this almanack, and you will have the true time of the moon's southing for that day.

N. B. If you double the time of the sun's setting, you will have the length of the day; and double the time of the sun's rising will be the length of the night-

To find the interest of any particular sum for any certain time, multiply the sum by the number of the months, take one half of the product, and you will find the two right hand figures to be cents—the rem inder on the left hand are dollars, which is the answer. If there be cents in the sum, after you have multiplied as above, you will find the two right hand figures to be fractions, the two next cents and the remainder in dollars

Editor's Notice.

--

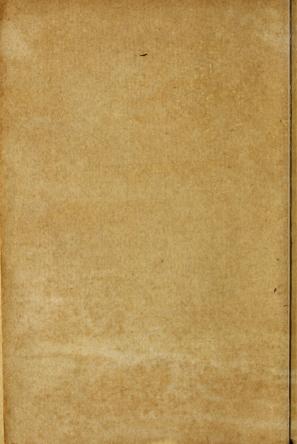

The Editor having taken out a Copy Right of the Annual Register, will use his utmost exertions, to render it accurate and useful, as a book of reference to all men of business and others. They who consider the nature of the work, will however, be aware of the great difficulty of collecting correct materials, which must necessarily be derived from such numerous sources. To enable him to meet his own wishes and the expectations of the public, his friendly correspondents are respectfully requested to continue their aid ; and all others favourably disposed toward the work are solicited to make such communications as they think will promote its general design. Compiled from more than two hundred manuscripts, many of which are written obscurely, errors in names cannot always be avoided. Fair copies would correct this difficulty. the Justices of the Peace have been usually appointed by the General Assembly, without distinguishing the towns in which they reside, they have sometimes been erroneously placed in the Register. It is hoped that any erwor of this kind will hereafter be avoided, by the towns, in which the Justices live, being legally designated. In consesuence of the delay of communications from our correspondents, the tardy returns of the militia officers, and the late period of the year in which some elections are made. that propriety and convenience of arrangement which is greatly wished, cannot be made.

The Postage in many instances, necessarily arising from the publication of the Register, is very great, and bears heavy upon the profits, which are extremely small, compared with Registers published in other States. The editor, therefore, solicits those who write him on their own account, to pay the postage, and other correspondents to make their communications free of postage, when it can

be done.

To find the interest of any particular sum for any certain time, multiply the sum by the number of the months, ake one half of the product, and you will find the two dight hand figures to be cents—the remainder on the left hand are dollars, which is the answer. If there be cents in the sum, after you have multiplied as above, you will find the two right hand figures to be fractions, the two next cents and the remainder in dollars.

In addition to the foregoing, the students will be regularly and correctly instructed in the elementery school of the soldier, and also in those of the company and battalion; they will likewise be taught the regular formation of military parades; the turning off, mounting, and relieving guards and sentinels; the duties of officers of the guard, officers of the day, and adjutants; the making out correctly the different descriptions

of military reports; in fine, all the duties incident to the field or garrison. The military exercises and duties will be so arranged as not to occupy any of the time that would otherwise be devoted to study; they will be attended to at those hours of the day which are generally passed by students in idleness, or devoted to useless amusements, for which they will be made a pleasing and healthful substitute. Practical sciencific operations will be frequently attended to, which will conduce equally to health and improvement.

A reading room is attached to the seminary, which contains a handsome collection of some of the most respectable newspapers from different parts of the United States, and also several of our most approved periodical publica-

tions.

The quarters are of brick, and handsomely finished .-The students' rooms will be furnished with single sleeping births, and also with chairs, tables, andirons, shovel and tongs, and separate closets for Books, Clothes, &c. The students will be required to sleepon matrasses, or straw beds: no feather beds will be allowed in the establishment .- Arms and accoutrements are furnished; they are of different sizes, to accommodate those of different ages, The strictest attention will be given to the health, manners, and morals of the students. A regular attendance on divine service is required on Sundays. The requisite qualifications for becoming members of the Institution, are the following: That the candidate be of good moral character, that he be able to read and spell correctly, to write a fair legible hand, and work the ground rules of arithmetic. Eleven or twelve years of age is believed to be as young as one can enter with advantage to himself. The expense per annum, for each student, is as follows: Board at respectable and genteel houses in the village, from 78 to 90 dolls. per annum-Tuition in any or all of the before mentioned branches, excepting the Hebrew, French and Italian

AN EXPLANATION OF THE

Festivals and Fasts

observed by the Episcopal Church.

1. Festivals are days set apart by the Church for the special remembrance of certain divine mercies, or in memory of the Apostles and other chief saints. The most important festivals are Christmas, Easter, Whit Sunday, and Trinity-Sunday.

2. Fasts are seasons appointed for deep humiliation before God: such as the forty days of Lent; but chiefly Ash-

Wednesday and Good Friday.

SUNDAYS in ADVENT, beginning December 1.

The four Sundays before Christmas have the name of Advent, from the Latin compound verb advenire, to come to. They are designed to prepare us for celebrating with becoming faith, seriousness, and devotion, the advent of Christ in the flesh; and to direct our view to that second advent, when he will come to judge those to whom he before came to offer his salvation.

St. THOMAS (December 21)

St. Thomas was surnamed Didymus, from a Greek word signifying a twin; which meaning is also attached to the Syriack word *Chauma*, whence is derived his name Thomas. The province alotted to him for the exercise of his apostolic office was Parthia. He preached the Gospel to the Medes and Persians; and at last suffered martyrdom in the Indies.

CHRISTMAS. (December 25.)

Christmas Day, the 25th of December, is the day devoted to the celebration of the birth of our blessed Saviour,

who left the glory of his Father, and for us men, and our salvation, took upon him our nature.

The practice of embellishing and ornamenting churches at this great Festival is explained by Dr Stukely. He observes that the ancients expected our Saviour was to be born at the winter solstice, and that the great Advent was to happen when evergreens flourish. "The glory of Lebanon (the cedar) shall come unto thee, the fir tree, the pine tree, and the box tree together, to beautify the place of my sanctuary." Ba. 1x. 13. Many passages to the same purport occur in the Old Testament.

This feast of our Saviour's nativity seems to have had its beginning in the first, or, at least, in very early times of

Christianity.

St. STEPHEN. (December 26.)

This festival, and the other two succeeding, are placed immediately after Christmas, to intimate (as is supposed) that none are thought fitter attendants on Christ's nativity, than those blessed Martyrs who lost their temporal lives for him, from whose incarnation and birth they received life eternal.

St. JOHN the Evangelist. (December 27.)

St. John the Evangelist (so called from the Greek term which signifies the messenger of glad tidings) was a Galilean by birth, the son of Zebedee and Salome, the younger brother of James, but not of him who was surnamed the Just, and who was the brother of our Lord. His brother James and he were surnamed by Jesus, the Sons of Thougher, meaning principal ministers of the Gospel; and John was most beloved by him of his disciples.

INNOCENTS. (December 28.)

These were they who suffered death under the ornel decree of Herod, who thought, by a general slaughter of young children, to have accomplished the death of the infant Jesus. They are so called from the Latin term innocentes or innocui, harmless babes, altogether incapable of defending themselves from the malice of their inhuman persecutors. The celebration of the martyrdom of these innocents was very ancient.

CIRCUMCISION. (January 1.)

This feast is celebrated by the Church, to commemorate the active obedience of Jesus Christ, in fulfiling all right-cousness, which is one branch of the meritorious cause of our redemption; and by that means abrogating the severe injunctions of the Mosaical establishment, and putting us under the grace of the Gospel

This festival is called by some the Uctave of Christmas, but by most people New-Year's Day, as being the first

day of the year.

EPIPHANY. (January 6)

The Epiphany, or manifestation of Christ to the Gentiles, happens on the 6th of January, and denotes the day on which the wise men came from the East to worship the

infant Jesus. Matt. ii. 4.

The word Epiphany is derived from the Greek compound verb which signifies to manifest or declare, and was at first used both for Christmas Day, when Christ was manifested in the flesh, and for this day (to which it is now more properly appropriated) when he was manifested by a star to the Gentiles.

CONVERSION of St. PAUL. (January 25.)

St. Paul is not commemorated, as the other Aposites are by his death or martyrdom, but by his conversion, which was wonderfulin itself, and highly beneficial to the Church of Christ. For whilst the other Apostles had their particular provinces, he had the care of all the churches, and by his indefatigable labours contributed very much to the propagation of the Gospel throughout the world.

PURIFICATION. (February 2.)

This holiday is kept in memory of the presentation of Christ in the temple. It was a precept of the Mosaic law, that every first-born son should be holy unto the Lord, to attend on the service of the temple or tabernacle, or else to be redeemed with an offering of money, or sacrifice.—The mother, also was obliged to separate herself forty days from the congregation after the birth of a male, and eighty after that of a female; and then was to present

a lamb, if in good circumstances, or a couple of pigeons, if she was poor. All this was exactly performed after the birth of our Saviour, who came to fulfil all righteensness; and was willing, in all particulars of his life, that a just obedience should be paid to the public ordinances of religion.

SEPTUAGESIMA, SEXAGESIMA, QUINQUAGESIMA SUNDAYS. (Feb. 3, 10, 17.)

There being exactly 50 days between the Sunday next before Lent and Easter-day, inclusive, that Sunday is termed Quinquagesima, i. e. the 50th. And the two immediately preceding are called, from the next round numbers, Sexagesima and Septuagesima, 60th and 70th.

ASH-WEDNESDAY. (February 20.)

Ash-Wednesday is the first day of Lent. It has its name from the ashes, in which, as well as in sackeloth, the first Christians used to appear, when they were pentent, and wished to be again admitted into the Church, after they had been shut out from it on account of their sins.

Lent is a word meaning "the spring." The season of Lent contains forty days, from Ash-Wednesday to Easter, exclusive of Sundays, which are never to be observed as fasts. The Jews fasted forty days before their passover. Our Saviour fasted forty days in the wilderness.

St. MATTHIAS (February 24.)

This day is kept by the Church in commemoration of St. Matthias. He was, it is most probably thought, one of the seventy disciples, and was a diligent attendant upon our Saviour all the time of his preaching.

After the death of Judas, he was chosen, by lot, into the

number of the Apostles.

ANNUN HATION of the Virgin Mary. (March 25.)
This testival is appointed by the Church in commemo-

ration of the Blessed Virgin, and particularly of the message of the angel to her concerning her being to bring forth the Messias, our blessed Lord. PALM SUNDAY. (March 31.)

This festival is called Palm-Sunday, or the Sunday of Boughs, because of the people's strewing them in our Saviour's passage to Jerusalem. The practise of observing it is so ancient, that it is ascribed to the Apostles themselves.

GOOD-FRIDAY. (April 5.)

Good-Friday, so called from the infinite good effected by the event it celebrates, is the day on which our blessed Soviour died for our sins.

EASTER-DAY. (April 7.)

Easter-Day is the day on which our blessed Saviour rose from the dead; the third day after Good-Friday. The word Easter signifies "to rise." This grand festival was so anciently observed by the Church, that no one in former times doubted that it was established by apostolical authority.

LOW-SUNDAY. (April 14.)

It was a custom among the ancients, upon the first Suaday after Easter-day, to repeat some part of the solemnity of that grand festival; from whence this Sunday took the name of Low Sunday, being celebrated as a feast, though of a lower degree than Easter itself.

ST. MARK. (April 25)

As there are several Marks mentioned in Scripture, there arises some difficulty in determining which of them was the Evangelist. It is generally thought, however, that it was not that Mark who was the associate of Paul and Barabas, but that other Mark who was the convert, or, as he is otherwise called, the son of St. Peter, and one of his ittendants.

St. PHILIP and St. JAMES (May 1.)

St. Philip was born at Bethsaida, a town of Galilee, near
he sea of Tiberias, in the barren part of the country of
udea, the principal inhabitants whereof were poor, illiteate fishermen, but of whom our blessed Saviour, residing
that remote place, was pleased to make choice of his

disciples. He was the next after St Andrew and St. Peter called to the apostleship; though some think before them.

ROGATION DAYS. (May 13, 14, 15.)

These days were appointed for a special pious purpose in the 5th century. The Church hath thought fit to continue to recommend their observance as private fasts.

ASCENSION DAY. (May 16)

Ascension-Day, or Holy Thursday, is the day on which our Saviour ascended into heaven, and happens forty days after Easter.

WHIT-SUNDAY. (May 26.)
Whit-Sunday is the day on which the Holy Ghost descended upon the Apostles. It happens ten days after Holy-Thursday, and fifty days after Easter; being the day of Pentecost, which signifies fifty:

TRINITY SUNDAY. (June 2.)

Trinity-Sunday is the Sunday which particularly celebrates the great doctrine, that we worship three Persons, but one God.

St. BARNABAS. (June 11.)

St. Barnabas was born at Cyprus, and was descended of the tribe of Levi. He was brought up with St. Paul under the care of Gamaliel

ST. JOHN BAPTIST. (June 24.)

The Church has celebrated the nativity of this saint, as she has done the martyrdom, or the day of the death, of other saints.

St. PETER, (June 29.)

This eminent apostle was born at Bethsaida, a town of Galilee, and was a fisherman by profession. He was, it is generally thought, the elder brother of St. Andrew.

St JAMES. (July 25.)

St. James the Great, or the Elder, was one of the sons of Zebedee, and brother of St. John.

St. MATTHEW. (September 21.)

St. Matthew was, by professon, a publican, or in our language, a custom-house officer, and was employed to collect the cuties laid on the fishing trade, in the lake of Tiberias; and sitting at the receipt of custom, where he might have a clear view of ships and their lading, our Savious passing by, saw him, and said nothing more to him than follow me. Yet so visible was the wonderful efficacy of the Holy Spirit of God in his conversion, that he arose immediately and followed him.

St. MICHAEL & ALL ANGELS. (Sept. 29.)

This fectival is cetebrated by the Church in thanksgiving to God for the benefits we receive by the ministry of the holy angels. As this St Michael is received in Scripture. as an angel of great power and dignity, presiding and watching over the Church of God, with particular vigilance and application, and triumphing over the devil, it therefore bears his name.

St. LUKE. (October 18.)

This famous Evangelist was born at Antioch. He was the beloved Physician particularly mentioned by St. Pau!, and the brother whose praise is in the Gospel.

St. SIMON & St. JUDE. (October 28.)

St. Simon was surnamed the Canaanite, and Zelotes, which two names are, in fact, the same; for the Hebrew term Canaan signifies a zealot. He was one of the twelve apostles, and a relation of our blessed Lord; either his haif brother, being one of Joseph's sons by another wife, or a cousin by his mother's side. The other saint this day commemorated, was a brother of Simon, and consequently the same relation to our blessed Saviour.

ALL SAINTS' DAY. (November 1.)

The Church having, in the course of her year, celebrated the memories of the holy apostles and the other most eminent saints and martyrs of the first days of the Gospel, deems it unnecessary to extend her salendar by any other particular festivals, but closes her course with this general one.

- St. ANDREW. (November 30.)

St. Andrew was first of all, a disciple of St. John the Raptist; but being assured by his master, that he was not the Messias, and hearing him say upon the sight of our Saviour, behold the Lamb of God! he left the Baptist, and became our Lord's disciple.

EMBER DAYS. (February 23, 25, and 26; May 24, 26, & 27; September 20, 22 & 23; December 20, 22, & 23.)

These are the Wednesday Friday and Saturday after the 1st Tuesday in Lent, the feast of Whitsunday, the 14th of Sept. and the 13th of Dec.; the Sendays following these days, being the stated times of o dination in the Church.

The origin of the name is not certain; but the design of the Church is to eall her members, on these days, by prayer and fasting, to invoke the divine aid and blessing on the choice and commission of ministers of the Gospel.

THANKSGIVING DAY.

In addition to her other holy days, the Church appoints the 1st Thursday of Nov. (or if any other day he appointed by civil authority, then such day) to be observed as a day of thanksgiving to Amighty God for the fruits of the earth, and all other bles ings of his merciful providence, and prescribes a service for the day admirably calculated to excite gratitude and devotion.

The Commissioners to equalize the Assessment Lists for the State are the Treasurer and Comptroller, for the time being.

Retreat for the Ensane.

Upon a petition showing that there are more than One Thousand Insane persons in Connecticut; the Gen Assembly, at their session, in May, 1822 granted a charter, incorporating an Institution, by the name of "The President and Directors of the Retreat for the Insane." The Gen Assembly also granted Five Thousand Dollars, out of the Treasury of the State, in aid of the benevolent object. By the north of October, \$822, twenty thousand dollars had been subscribed, and, by the account current of the Treasurer of the Institution, it appears, on the 14th May, 1823, nine thousand seven hundred and thirty dollars 55-100 had been received on subscriptions.

The site selected for the buildings of the Retreat, is distant, south westwardly, about 11-4 miles from the state-house in Hartford. The grounds, (17 acres,) fronting on the Berlin turnpike east; and having west-street on the west, present, from the beautiful elevation of their western limits, an interesting prospect of the country eastward, with a partial view of Hartford and Wethersfield, to the north and south. On this elevation, a building is exceed: its centre, fifty feet square—and three stories above the basement; with a north and south wing, each fifty by thirty—two stories above the basement. The walls are of Stone, to be sovered with a white cement, or rough

east. Expense of the building not to exceed 12,000 dollars; and the prospect favourable that its early completion will admit the walls to become dry; so that, should the receipts of the Society, as is to be hoped, prove adequate to indispensable arrangements, the unfortunate, as early as in January, probably, may have a share in the mercy of a commiscrating public.

BY-LAWS OF THE SOCIETY.

Voted, That all subscribers, who shall add to their present subscriptions, auma sufficient to make Directors for life, Members for life, or one year, shall be admitted to the same privileges as the original subscribers.

Voted, That every subscription under twelve dollars, shall render the subscriber, a member of the Society, half the number of years that the subscription amounts to del-

lars.

Resolved, That the Annual Meeting of the Society, for the choice of Directors and other business, be holden at the State-House, in Hartford, on the 2d Wednesday of May, at 2 o'cleck, P. M. of which meeting the adoption of this resolution, shall, to all concerned, be legal warning.

Resolved, That the Annual Meeting of the Directors, shall be holden at the place of the Annual Meeting of the Society, immediately on the adjournment of the same.

Resolved. That other than Annual Meetings, of the Society, may be warned at the request of the Directors, by the Secretary, who is to give notice of the same, in one or

more newspapers published in the State.

In order to a more distinct view of the periods of membership, and to facilitate the duties of an Annual Report of members belonging to the Society, Voted, That in all future admissions to membership for this Society by subscription, the rights of membership founded on such subscription, shall commence with, and be continued from the Annual Meeting next succeeding the return of such subscription to the Secretary of the Society.

MASONIC.

WASHINGTON ENCAMPMENT

Of Knights Templars, held at N. London and Colchester.

In July, 1796, three Knights Templars, hailing from three different commanderies, formed an encampment at Colchester, when the order of knighthood was confered on six R. A. Masons In June, 1801, a charter was obtained from London and an Encampment held in New-London, when the Society was regularly organized .- At a rendezvous of the Encampment at Colchester, in April, 1819, it was newly organized, under the direction of the Sir Knights present, with the assistance of the Sir Knights Thomas Webb, and Henry Fowle. At which time they passed a resolution to relinquish the charter under which they had acted, to acknowledge the jurisdiction of the Gen-Grand Encampment of the United States, and to apply to that body for a new charter, under the title of the Washington Encampment of Knights Templars .- Application was accordingly made, and a charter obtained. The Society has since rapidly increased, and now ranks among the most respectable in the United States.

The three principal officers are authorised to call special meetings at Hartford, N. Haven, N. London or Colchester.

## Editor's Notice.

In consequence of not receiving the requisite communications, from several of our obliging correspondents, until very late in the season, the Editor has been compelled to omit several articles, and could not give that regular arangement to the work, which propriety and convenience would dictate. He offers these suggestions as an apology, not as a complaint.

We are truly grateful for the assistance received, amidst the arduous duties of compiling the Register, and earnestly solicit a continuance of the aid of our numerous

and obliging correspondents.

To find the interest of any particular sum for any certain time, suffixly the sum by the number of the months, take one half of the product, and you will find the two right hand figures to be cents—the remainder on the left hand are dollars, which is the answer. If there be cents in the sum, after you have multiplied as above, you will find the two right hand figures to be fractions, the two first cents and the remainder in dollars.

### EXPLANATORY REMARKS.

It will be perceived, that, to the rates of duty imposed on goods, wares, and merchandise, imported in vessels of the United States, and in foreign vessels, placed on an equality with vessels of the United States, by treaty stipulations, or special acts of Congress an addition of ten percent. has been made in the case of importations in other foreign vessels, except to the rates on teas from China, the law in that instance making a specific and a greater discrimination than

10 per cent.

By "other foreign vessels," are not to be understood French vessels, when importing articles of the growth, produce or manufacture of France, the duties on which are to be regulated by the treaty with that country, signed the 24th of June, 1822; according to which, such articles, thus imported, are at present liable to an additional duty, not exceeding \$3.75-100 per ton of merchandize, over and above the rates paid on similar articles, when imported in vessels of the United States. But importations in French vessels, of articles, not the growth, produce, our manuface

ture of France, are liable to the usual discriminating duty of ten per cent. between Importations in foreign and Importations in American vessels.

#### REGULATIONS RESPECTING DRAWBACKS.

In every case the duties must amount to \$50 or more. And in every case of entry of merchandize for drawback, and the same regularly shipped under the inspection of an officer, and guaged, weighed or measured as the case may require, 20 days from the clearance of the vessel is allowed by law for signing bonds, to produce certificates of landing out of the United States. Merchandize, to be entitled to benefit of drawback, must be shipped within twelve calender months from the date of importation.

Merchandize for drawback, cannot be exported to the dominions of any foreign state, immediately adjoining the

United States.

All goods must be exported in the original package, without any change whatever, except liquor in casks, coffee in casks or other packages, and cocoa in casks or other packages, which may be fitted up from other packages, of the same importation: or be put into new packages corresponding therewith, and marked and numbered as the original one; and in case the original package shall, in the opinion of the officer appointed to examine the same, be so injured, as to be rendered a fift for exportation, and in no other case; and all this mass be done under the inspection of a proper officer, appointed by the collector, and naval officer, &c.

Drawback not allowed on goods imported in vessels from the dominions of a power to which the vessels of the Unit-

ed States are not permitted to trade.

Nor of duties for the amount of the additional duty on merchandize imported in vessels of the United States.

Drawback not allowed on foreign dried and pickled fish, and safted provisions. Nor of fish, oil, or playing cards. Allowages of drawbook on spirits 2 cents.

Allowance of drawback-on spirits, 2 cents per gallon, and 3 per cent. on the amount of duty. On other merchandize, 2 1-2 per cent.

Drawback on domestic distilled spirits, not below first

proof.

10 cente per gall. From morasses 6 cents do. other materials. Provided, the quantity exported shall be 150 gallons,

and in vessels not less than thirty tons burthen.

Sect. 4th of Act passed 20th April, 1818. And be it further enacted that no drawback shall be allowed of the duties paid on any wines or spirits which shall be imported into the United States after the first day of June, 18:8, unless such wines or spirits shall have been deposited in public or other stores, under the provisions of the act, and

there kept from their landing to their shipment.

ing all charges, except insurance.

#### TERMS OF CREDIT ON DUTIES.

When on a single importation, the duties amount to \$50"

or upwards, they are payable as follows --

On Merchandize from Europe, (other than salt and wines) 1-3d in 8, 1-3d in 10, and the remaining 1-5c. in 12 months.

On Sait from any part of the world, 9 months.

On Wine,

Ou Merchandize, the produce of foreign places or
islands, situated on the eastern shores of America, northof
the equator, or its adjacent seas, bays, and gulphs, (salt

excepted.) 1-2 in 6, and the remaining half in 9 months. On Merchandize, other than wine, salt and tea, insported from any other place than Europe and the West Indies, 1-3 in 8, 1-3 in 10, and the remaining 1-3 in

18 months.

By an Act passed 2d March, 1823-Collectors are empowered to direct goods to be appraised whenever there are just grounds to suspect that they are invoiced below their true value, and if their appraised value shall exceed 25 per cent, the invoice prices, then to the advalorem duty shall be added a further duty of 50 per cent, on the appraised value on which aggregate amount the duties shall be estimated.

And where appraised value does not exceed 25 per cent. the invoice value, appraised value shall be considered the true value, but in no case shall the value be estimated on

an amount less than the invoice value.

Collectors shall cause one package out of every invoice to be opened and examined, and if the same does not agree with invoice, a full inspection of the goods shall be made and appraised, subject to the penalties before mentioned. If a package contains any article not invoiced, the whole to be forfeited.

Secretary of treasury is authorized to remit penalties in

the absence of fraud.
